
DISCOVER THE FUTURE

Discover one of Europe's most spectacular construction projects at the InfoTurmStuttgart.

BE AMAZED BY THE CONSTRUCTION SITE

↳ You couldn't get any closer to the action. Our red InfoTurm-Stuttgart is located right in the heart of the construction site.

EXPERIENCE THE FUTURE

Far more than just a station: Our exhibition at the InfoTurmStuttgart – “ITS” for short – has been designed to make the Stuttgart–Ulm Rail Project with its four stations and around 120 kilometres of tracks as well as related developments for the future conceivable and accessible. What opportunities can the project offer the city, the region, the state and Germany as a whole?

- ↳ **FASCINATING CIVIL ENGINEERING**
- ↳ **MOBILITY AND URBAN LIFE IN TRANSITION**
- ↳ **MODERN URBAN DEVELOPMENT**
- ↳ **STUTTGART DIGITAL HUB**
- ↳ **HISTORY AND CURRENT DEVELOPMENTS**

AN EXHIBITION FOR EVERYONE

↳ The exhibition includes a wide range of digital content provided via monitors, iPads and augmented reality. The media installation "The Cave" takes visitors on a virtual guided tour of the entire new station.

HANDS-ON EXHIBITS

Photo: Thomas Niedermüller

↳ Models you can touch and feel give you a physical impression of the station and the high-speed sections.

MULTIMEDIA AND INTERACTIVE

Photo: Hochburg Design

INTERNATIONAL AND FULLY ACCESSIBLE

↳ The entire exhibition content is also available in English. Full accessibility is provided inside the building through tactile wall strips, touchable exhibits and a read-aloud app.

FOR ALL AGES

Photos: Hochburg Design

↳ Specially developed games and digital applications for children.

WHAT ELSE IS THERE TO DISCOVER?

- ↳ **CONSTRUCTION SITE TOURS**
Experience Stuttgart's biggest construction site live – with an expert guide, safety boots, hard hat and high-visibility vest.
- ↳ **EVENTS AND MORE**
Construction site open days, exciting partnerships and events – on site and online.
- ↳ **CONFERENCE ROOM**
Whether for a customer meeting, conference or private discussion, our conference room can be booked for up to 40 people.

HOW TO FIND US

**QUICK GUIDE:
WHAT YOU'LL FIND ON EACH LEVEL**

WELCOME

4

Simply let your gaze wander over Stuttgart, the station and the construction site. The rooftop terrace offers a clear view of the construction work on the through station.

3

Meetings in a unique location: Take your projects up a level by meeting in the modern conference room almost 30 metres above the excavation pit.

2

Explore the station and the region. What benefits will the rail project have for the S-Bahn? What does bwegt do? Discover how local and regional transport is organised in Baden-Württemberg. Find out what the future holds by steering your way through the new main station and its surrounding already. You can use a joystick to move around the immersive projection "The Cave" in real size and get a feel for the future station.

1

The future station is brought to life using augmented reality (AR). Experience how trains arrive and discover the new, short walking routes between the platform and the S-Bahn. What is the Stuttgart digital hub? And what will the new Stuttgart Rosenstein look like?

0

On this level, you will be introduced to the Stuttgart-Ulm Rail Project. Find out the latest news from the media and from the construction site – a quick point of entry to the project.
